# Handout D: Some Reasons Contracting Officers Use GSA Multiple Award Schedules<sup>1</sup>

- No Posting/Publication (FedBizOpps Synopsis) Requirement.<sup>2</sup>
- Flexibility in Adding Agency-Specific Clauses and Provisions.<sup>3</sup>
- Contractors Are Already Determined Responsible.4
- Ability to Place Orders of Practically Any Size<sup>5</sup>
- GSA Schedule Electronic Tools Assist Market Research, Dissemination of Requests for Quotes (RFQs), and Ordering.<sup>6</sup>
- Recurring Requirements Can Be Satisfied With Flexible Schedule Blanket Purchase Agreements Rather Than Agency Indefinite Quantity Contracts.<sup>7</sup>
- Agencies Retain Maximum Flexibility for "Best Value" Source Selections.<sup>8</sup>
- GSA Schedules Are a Higher Priority Source to Be Considered Before Soliciting Open-Market Commercial Sources for Supplies or Services.<sup>9</sup>
- Statutory "Competition" Requirements Have Already Been Met. 10
- Large Pool of Available Contractors Offering a Wide Variety of Commercial Services and Products.<sup>11</sup>
- Task Orders Need Not Be Fixed-Price; Schedules Permit Labor Hour and Time & Material Task Orders.<sup>12</sup>
- Agencies Can Make Progress Toward Meeting Socioeconomic Objectives a Primary Best-Value Evaluation Factor. <sup>13</sup>
- Unit Prices Are Already Determined Fair & Reasonable at the Schedule Contract Level. 14

- Agencies Are Free to Negotiate Discounts from GSA "Most Favored Customer" Pricing. 15
- Schedule Contractors Can Team Across Schedules for All-Schedule Solutions to Complex Requirements. 16
- Streamlined RFQ and Ordering Procedures Simplify and Save Time Compared to Complex FAR Part 15 Procedures.<sup>17</sup>
- Ordering Agencies Can Retain Full Control Over Their Task Orders; GSA Permission is Not Required to Place Schedule Orders. 18
- GSA Schedules Support the Use of the Government Commercial Purchase Card as an Ordering and Payment Mechanism.<sup>19</sup>
- Not Required to Set-Aside Schedule Orders for Small Business, Regardless of Dollar Amount.<sup>20</sup>
- GSA Provides Classroom and Online Training for Agencies on How to Use GSA Schedules.<sup>21</sup>

<sup>&</sup>lt;sup>1</sup> Comments on this document can be addressed to david.clemens@gsa.gov, 4/25/2009.

<sup>&</sup>lt;sup>2</sup> FAR 8.404(a) refers. The lack of a 10-day posting requirement and the exemption from the synopsis requirement further reduces procurement lead time for Schedule orders. Note that OMB Memo No. M-09-10 dated 2/18/2009 states that 2009 Recovery Act procurements must by synopsized, in addition to other requirements. See also FAC 2005-32 effective 3/31/2009.

<sup>&</sup>lt;sup>3</sup> Schedule contract clauses are available for inspection on each Schedule's FedBizOpps-posted solicitation. The included clauses are those required of commercial (FAR Part 12) supply or service contracts. Agencies are free to add to their orders any clauses not conflicting with the FAR or the clauses in the Schedule contract. Options? Award term provisions? Performance incentives? Go for it!

<sup>&</sup>lt;sup>4</sup> Ordering agencies are not required to make a separate FAR Subpart 9.1 responsibility determination for Schedule contractors as that determination has already been accomplished by the Schedules Contracting Officer. *Advanced Technology Systems, Inc.*, B-296493.6, October 6, 2006.

<sup>&</sup>lt;sup>5</sup> The Minimum Order amount on Schedule contracts is very low, typically \$300 or less. The so-called "Maximum Order Limitation" (MOL) is a misnomer because it actually places no dollar limitation on the authority of the ordering activity to place an order for <u>any</u> amount. The MOL is actually a renegotiation threshold at which ordering activities shall (1) seek additional price discounts [FAR 8.405-1(d), 8.405-4] and (2) send the RFQ to additional Schedule contractors [FAR 8.405-2(c)(3)(i)]. It is also the point at which a Schedule contractor could decline the work by notifying the ordering activity in accordance with the contract.

<sup>&</sup>lt;sup>6</sup> Agencies can use *Schedules eLibrary* (<a href="http://www.gsaelibrary.gsa.gov">http://www.gsaelibrary.gsa.gov</a>) to determine which Schedule(s) and SIN(s) are necessary to meet their requirements. Searching service contracts pricelists at *GSA Advantage* (<a href="http://www.gsaadvantage.gsa.gov">http://www.gsaadvantage.gsa.gov</a>) using keywords from the PWS can assist in market research. Accessing those same pricelists is important when the agency enduser is preparing a Government estimate

for acquisition planning. GSA *eBuy* (<a href="http://www.ebuy.gsa.gov">http://www.ebuy.gsa.gov</a>) can be used as a "sources sought notice" to post a Request for Information (or even a Draft RFQ for comment) visible to all holders of a particular Schedule SIN. In the RFQ phase, the *eBuy* website can be used to send out the Schedule order RFQ. (In addition, *GSA Advantage* can be used for the quick and easy process of online shopping and ordering for products.)

<sup>7</sup> See <a href="http://www.gsa.gov/bpa">http://www.gsa.gov/bpa</a> and FAR 8.405-3 for information on Schedule BPAs. Schedule BPAs can be Single-Award or Multiple-Award just like indefinite quantity-type contracts. Agencies have the same flexibility with Schedule BPAs (non-conflicting clauses, options, source selection, price discount negotiations, etc.) as they do with Schedule orders. Schedule BPAs, which are simplified acquisition methods for both supplies <a href="mailto:and-services">and services</a>, offer significantly lower procurement lead times when compared with the resources necessary to establish agency IDIQs. In addition, because BPAs are not "contracts" for many FAR purposes, ordering agencies have enhanced flexibility. (For a discussion of this issue with case references, see <a href="http://www.schedulesolutions.net">http://www.schedulesolutions.net</a> under BPAs.)

<sup>8</sup> Neither FAR SubPart 8.4 nor the terms of the Schedule contracts place any restriction on the flexibility of the ordering agency to establish desired order evaluation factors or source selection procedures. Because FAR Part 15 does not apply to Schedule orders or Schedule BPAs (see note 17 below), Schedule ordering permits streamlined and simplified source selection. Agencies can evaluate quotes for Schedule orders or BPAs from anywhere in the Best Value Continuum from low-price-technically-acceptable to full best value evaluation.

<sup>9</sup> FAR 8.002 provides the prioritized list of Government supply and service sources. According to those priorities, agencies shall satisfy their requirements for supplies and services from GSA Schedules in preference to commercial (open-market) sources.

<sup>10</sup> Schedule BPAs and orders are considered to be issued using full and open competition. FAR 6.102(d)(3). When placing orders against GSA Schedules or establishing Schedule BPAs, ordering agencies shall not seek competition outside the MAS program. FAR 8.404(a). When agencies use the FAR 8.405-1 and -2 ordering procedures, the requirements of the Competition in Contracting Act (CICA) of 1984 have been met.

<sup>11</sup> Over 11 million supplies and services are available on GSA's 39 Multiple Award Schedules from over 17,000 Schedule contractors. A particular Schedule can typically have many hundreds of available contractors representing the whole range of socioeconomic categories. To see a hypertext list of GSA's Schedules, go to <a href="http://www.gsaelibrary.gsa.gov">http://www.gsaelibrary.gsa.gov</a> and then pull down "Federal Supply Schedule Listing" from the menu bar.

<sup>12</sup> Schedule contracts for services include the applicable Time and Materials clause(s). Agencies can view the Schedule contract clauses at *FedBizOpps* via the *Schedules eLibrary* page for each Schedule. I suggest you include the provision FAR 52.216-31 *Time-and-Material/Labor –Hour Proposal Requirements – Commerical Item Acquisitions* in the RFQ for a commercial Level of Effort (T&M or LH) task order. <sup>13</sup> FAR 8.405-5. With the exception of Schedule orders to 8(a) contractors (see 71 FR 66434 of 11/15/2006 eff. 6/30/2007), orders placed against Schedule contracts may be credited toward the ordering activity's socioecomic goals. (For a detailed discussion and additional references on the issue of Small Business setasides, see the blogsite: <a href="http://www.schedulesolutions.net">http://www.schedulesolutions.net</a> under "Can Schedule Orders (and Schedule BPAs) Be Set-Aside for Small Business?")

14 FAR 8.404(d).

<sup>15</sup> *Ibid.*, FAR 8.405-1(d), 8.405-2(c)(3)(ii). FAR 8.405-4: "Schedule contractors are not required to pass on to all Schedule users a price reduction extended only to an individual ordering activity for a specific order."

<sup>16</sup> See <a href="http://www.gsa.gov/cta">http://www.gsa.gov/cta</a> for FAQs on Schedule contractor teaming and information on the contents of a Contractor Team Agreement.

<sup>17</sup> Nothing in FAR Part 15 applies to Schedule orders or BPAs. FAR 8.404(a). Ordering activities failing to treat a Schedules procurement under FAR 8.4 as a streamlined acquisition and instead relying on the more complex Part 15 acquisition procedures do so at their peril. The United States Court of Claims has specifically held that FAR Part 15 is not applicable to MAS orders. See *Ellsworth Associates, Inc. v United States*, 45 Fed. Cl. 388 (1999). The Government Accountability Office (GAO) has also stated that FAR Part 15 does not apply to Schedule orders. See *Computer Products, Inc.*, B-284702, May 24, 2000. If a formal FAR Part 15 negotiation process or something akin to it is utilized (as in debriefing), GAO may use FAR Part 15 as guidance in reviewing an agency's actions. See *ACS Government Solutions Group, Inc.*, B-

282098.2, B-282098.3, June 2, 1999. Discussions with contractors are not required for Schedule orders. Instead the Ordering CO can seek additional information regarding an RFQ without triggering Part 15 discussion rules. See *Intelligent Decisions, Inc.*, B-274626.2, December 23, 1996 and *ViON Corporation*, B-283804.2, January 24, 2000.

<sup>18</sup> There are GSA offices that will (for a fee) act as an agency's Ordering Officer. But those "assisted services" are not required in order for agencies to directly issue and administer their delivery/task orders against the GSA Schedules. **Ordering activities pay no fee to GSA to issue their own orders against a Schedules contract.** (The GSA Schedule contract prices already include a 0.75% Industrial Funding Fee which the Schedule contractors remit to GSA. Ordering activities receiving a quote from a Schedule contractor with a 0.75% IFF added to the quote should inform the contractor that the Schedule price already includes the IFF. Ordering Officers may wish to contact the GSA Contracting Officer if necessary.)

<sup>19</sup> All GSA Schedules require contractors to accept the purchase card for Schedule orders at or below the micropurchase threshold. Most contractors also choose to accept the purchase card for orders above the micropurchase threshold. (See each contractor's *GSA Advantage*-posted pricelist for more information.) Shopping at *GSA Advantage* supports the use of the purchase card.

<sup>20</sup> The set-aside provisions of FAR Part 19 do not apply to Schedule orders. For case law and regulatory references supporting the assertion that there is no such thing as a Schedule order set-aside for small

businesses, see http://www.schedulesolutions.net under Small Business Issues.

<sup>21</sup> GSA websites like *eBuy* and *GSA Advantage!*® include tutorials. The free online training course "Using **GSA Schedules – Customer (Services)**" is available at http://cae.gsa.gov. That same training website includes the "GSA Schedule Order Checklist" in the course library. The checklist is a useful summary for ordering agencies. Another useful training reference is the *Multiple Award Schedules Desk Reference* [2008], found at http://www.schedulesolutions.net under *References*.

# Handout E: GSA Schedule Task Order File Checklist<sup>1</sup> For Federal Supply Schedule Services Exceeding the Micropurchase Threshold

Ordering agencies are strongly encouraged to make their own Schedule Task Order Checklist for both delivery orders and task orders. This checklist document includes only FAR and Schedule contract-level requirements. It must be tailored to each agency and each contracting activity. For example, DoD ordering activities must supplement FAR requirements for Schedule orders by documenting compliance with DFARS 208.4 in addition to the requirements shown on this checklist. In addition, ordering activities should reorganize this list in accordance with the contracting activity's own contract file tab guide. (Note that orders against Schedule BPAs may include additional requirements consistent with BPA ordering procedures. The scope of this checklist is limited to service orders placed directly against the Schedule contract by ordering activities.)

A detailed (but slightly outdated) Schedule task order checklist can be found at the documents section of the GSA Center for Acquisition Excellence (http://cae.gsa.gov).

1. Acquisition Planning
Services that substantially or to a dominant extent specify performance of
architect-engineer services (FAR 2.101, 36.601-4) are not procured [FAR 8.403(c)]
Services are non-personal [FAR 37.103(a)(3)] <sup>2</sup>
Services are not inherently governmental (FAR 7.5)
If a bundled contract (FAR 2.101), compliance with all FAR bundling
requirements is documented [FAR 8.404(c)(2)]
Acquisition Plan (or equivalent acquisition request documents) [FAR
8.404(c)(1)]
Documentation that services are <u>not</u> available from a higher-priority <i>AbilityOne</i>
(http://abilityone.org) service provider [FAR 8.002(a)(2)]
Rationale for using a Time-and-Material/Labor Hour type task order [FAR 8.405]

<sup>&</sup>lt;sup>7</sup> DoD agencies should substitute appropriate DAWIA requirements.

<sup>&</sup>lt;sup>9</sup> In addition, DoD T&M/LH contracts are required to have a QASP. USD AT&L memo of July 14, 2008 (S. Assad), Management of Contractor Performance Under Time & Material and Labor Hour Contracts for Services.

### Handout F: Think Simplified (Not FAR Part 15)1

If You Use FAR Part 15-Like Terminology and Procedures for Schedule Procurements, Courts and GAO May Hold You to Those Part 15 Standards!<sup>2</sup>

FAR Part 15 does <u>not</u> govern orders placed against the GSA Schedules. But where an agency issues a Schedule order using Part 15-like terminology and procedures, the GAO and the courts may look to FAR Part 15 to assess the propriety of the agency action in the event of a protest against the order.

For Schedule orders/BPAs, agencies need not:3

- comply with anything in FAR Part 15
- conduct a formal "negotiated procurement"
- issue a "solicitation" for thirty days (or any other pre-determined time)
- conduct a "competition"
- conduct a formal evaluation
- undertake a cost/price realism analysis
- seek contractors outside the Schedules program
- synopsize the requirement on FedBizOpps (except for FY2009 Recovery Act)
- conduct a price evaluation on quoted Schedule rates (e.g., hourly rates)
- conduct "discussions"
- prepare extensive documentation
- conduct a formal debriefing
- determine the "competitive range" (FAR 15.3)

The cost of proposal preparation is a major consideration in the Schedule contractor's decision to quote. With the fully-loaded (ceiling) hourly rates GSA has negotiated, the contractor has assumed only the "normal" bid and proposal costs expected for a fully-streamlined procedure. Asking for more in task order/BPA quotes risks a "no quote" from a Schedule contractor unable to recover those costs. Examples of quote obstacles to be removed include:

- unnecessarily short proposal response times
- unduly burdensome proposal instructions (oral and written)
- excessive number of evaluation factors/subfactors
- acronym filled statements of work only the incumbent can understand
- asking for cost proposals, cost and pricing data, or anything requiring an audit
- using FAR 15.3 concepts and procedures

F-1

<sup>&</sup>lt;sup>1</sup> Adapted to Schedules orders and all footnotes added by <u>david.clemens@gsa.gov</u>, (updated June 2009), partially based on a similar document for GWAC orders (original author unknown).

<sup>&</sup>lt;sup>2</sup> CourtSmart Digital Sys., Inc. B-292995.2, B-292955.3, Feb. 13, 2004; ACS Government Solutions Group, Inc., B-282098.2, B-282098.3, June 2, 1999.

<sup>&</sup>lt;sup>3</sup> Ellsworth Associates, Inc. v United States, 45 Fed. Cl. 388 (1999); Computer Products, Inc., B-284702, May 24, 2000; Intelligent Decisions, Inc., B-274626.2, December 23, 1996; ViON Corporation, B-283804.2, January 24, 2000.

Not using FAR 15.3 concepts and procedures has the following implications for your task order selection process:

- 1. There is no requirement to set a "competitive range" using all the published evaluation factors. This means that you can save yourself and the Schedule contractor considerable time and money by phasing your procurement in a manner that uses the least costly factors to initially down-select the quoters. For example, after providing your RFQ, you could initially down-select based upon a 10 minute telephonic presentation of an "overall concept." Then, in a subsequent phase, you could obtain more detailed information such as a price quote (or, in a BPA, simply an offered discount below the GSA Advantage!® price for all orders) or technical description for those contractors remaining.
- 2. Since a competitive range is not established, there is no need to be overly focused on the nature of exchanges with the offerors. Ordinarily, in a FAR 15.3 procurement, the Contracting Officer draws a distinction between "communications" and "discussions." There need be no such caution on a Schedule order. You can engage in detailed exchanges about any aspect of a quote at any time. Naturally, you should make every effort to treat each quoter equitably. You must not be biased, arbitrary, or capricious and your decisions must be adequately (but not overly) documented. Protests are possible, but the risks are lower if you streamline the procurement as much as possible. But the biggest risk is that the Schedule contractor will simply refuse to quote if you are perceived as undermining the integrity of the procurement process.
- 3. There is no requirement to capture "The relative strengths, deficiencies, significant weaknesses, and risks supporting proposal evaluation..." as required in FAR 15.305. This means your evaluation system can be very streamlined. For example, you can use any evaluation system you wish such as pluses and minuses or simply narrative statements as long as you fully justify your ultimate tradeoff selection.
- 4. You are not bound by the rules in FAR 15.3 for evaluating past performance, such as the requirement to provide a neutral rating to a quote without any past performance. Further, if you choose not to use past performance as an evaluation factor, there is no requirement to document the file with your rationale.
- 5. There is no requirement to follow the FAR 15.305 requirement to "evaluate competitive proposals and then assess their relative qualities." In other words, your evaluation system can immediately <u>compare</u> (and remember, we don't say "compete" because the CICA requirements have already been met) one quote to another in order to determine the rank ordering for selection. There is no need to first consume time rating each quote independently against the evaluation factors before making a comparison. This significantly speeds the evaluation process. Of course, you must evaluate the way you said you would in your task order/BPA RFQ.

# Handout G: How Can I Read the Clauses in the GSA Contracts for a Particular Schedule?

david.clemens@gsa.gov, 1/2/2009

## Step 1. Determine the Schedule Number/Name of Interest

Using <u>www.gsaelibrary.gsa.gov</u>, determine the Schedule number. Select the Schedule number from the upper right corner of that GSA eLibrary homepage. (In this example, Schedule 874 MOBIS is selected.) Select <Go>.

<u>Step 2.</u> At that Schedule's eLibrary page (the one with all the Special Item Numbers [SINs] listed), select the button bar marked <*Vendors – Click here to view the current solicitation on FedBizOpps>*.

(I suggest <u>not selecting</u> the *GSA Contracts Online* button bar, even though it might seem like the right choice here. This is because *Contracts Online* is still sometimes lagging behind what is actually at FedBizOpps for some Schedules. I think it is a best practice to go to FedBizOpps to ensure you get the current clauses.)

There is more than one way to get to the FedBizOpps-posted solicitation. This example uses GSA Schedules eLibrary but remember that you can also get to FedBizOpps via that Schedule's gsa.gov page (e.g., <a href="www.gsa.gov/mobis">www.gsa.gov/mobis</a>).

Step 3. At the FedBizOpps page for that Schedule's standing solicitation, open the document entitled "Solicitation." (If there is one, also open the document entitled "Regulations Incorporated by Reference.")

For the newer solicitations, you will need to search *both* (circled above) documents for the clause of interest. For the older solicitations, the document *Solicitation* includes all clauses.

If you are interested in browsing the other documents in the standing solicitation, select "All Files" (see arrow above) to see all the files.

# Step 4. Search the Documents. The documents you select will open as PDF or Word documents that you can search for keywords.

In these examples, the ordering activity was interested in what the Schedule contracts say about "performance incentives." Using a keyword search is easier than browsing the entire solicitation document if you already know what you are looking for.

# Handout H: Resources for Schedules Information & Training<sup>1</sup>

- 1. Read FAR SubPart 8.4. (It's not too long and very important.)
- 2. Read the *Multiple Award Schedules Desk Reference (2008)*[and then order some copies for the office]. (Publication #5-08-00265 ordered at <a href="http://apps.fas.gsa.gov/cmls/index.cfm">http://apps.fas.gsa.gov/cmls/index.cfm</a>)

http://apps.fss.gsa.gov/cmls/search.cfm?keyword=MAS%20(Multiple%20Award%20Schedules)%20Desk%20Reference%20Guide

- 3. Use the GSA Websites (FAQs & Tutorials)
  - a. www.gsa.gov/schedules (check out the FAQs there)
  - b. Schedules eLibrary (http://www.gsaelibrary.gsa.gov)
- For information on a particular Schedule (SIN descriptions and list of contractors holding that SIN) pull-down Schedule name/number from *Quick Schedule* in upper right or from *Federal Supply Schedule Listing*
- Clicking on a contractor name gives information on that company's Schedule contract (or contracts), including contact information for both the company and for the GSA Contracting Officer.
- Use the search text box at the *Schedules eLibrary* home page to search by contractor name, Schedule contract number, or words in a SIN description (but <u>not</u> the text in a contractor's pricelist directly - use *Advantage* for that).
- At a contractor's *eLibrary* page (showing SINs awarded), click on "Contract Terms & Conditions" to open up that particular <u>contractor's price list</u> (labor categories and rates for preparation of Government Estimate or for market research).

## c. GSA Advantage!® (http://www.gsaadvantage.gsa.gov)

- Use search text box (Advanced Search is useful) at GSA Advantage!® home page to search for PWS-relevant words in contractor's Schedule price lists.
- Remember to select search in "Services" (pull down) to limit results just to services.
- An **improved** *Advantage*-based search mechanism optimized for more productive searches of GSA contractor price lists can be found at <a href="http://sites.google.com/site/gsaregion10/">http://sites.google.com/site/gsaregion10/</a><sup>2</sup>
- Always check a Schedule contractor's Task Order price quote against their GSA-approved *Advantage!*®-posted contract pricelist. The only assurance you have that a contractor was actually awarded a SIN, a labor category, or a particular (ceiling) price is to see that pricelist on the *GSA Advantage!*® website.
- Advantage is also an ordering method for products or for some very simple services not requiring a PWS.

<sup>&</sup>lt;sup>1</sup> Updated 9/14//2009, david.clemens@gsa.gov

<sup>&</sup>lt;sup>2</sup> Thanks to Jon Bearscove of GSA/FAS Region 10 for creating this useful enhanced AdvantagePlus! search engine.

## d. eBuy (http://www.ebuy.gsa.gov)

- A Schedule RFQ system also very useful for *Requests for Information* notices. Use it in the same way we would use a *Sources Sought* notice on FedBizOpps for non-Schedule market research (like posting a draft PWS for industry comment).
- A good method to communicate requirements to all holders of a particular SIN, either a new requirement or as part of market research.
- Can attach PWS or drawings to an eBuy RFQ (5MB limit for each document)
- Learn about using eBuy for RFQs by selecting eBuy Training and then Buyer Tutorial

# 4. Take the Online Schedules Ordering Course (one for Services, one for Supplies)

Register at http://cae.gsa.gov:

- a. Download the GSA Order Checklist from Documents.
- b. Take the free online course "Using GSA Schedules Customer (Services)"

- c. Also check out the Performance Based Acquisition Toolkit.
- 5. Contact Your Local GSA Customer Service Director (CSD) (http://www.gsa.gov/csd)
- 6. Contact the GSA Schedules Contracting Officer/Acquisition

**Center** (every Schedule contract has a CO [see *Schedules eLibrary*] and every Schedule has a Business Management Specialist [see that Schedule's webpage at gsa.gov])

Listen to Our Podcast Episodes and Webinar Audio at <a href="http://blogs.gsa.gov/blogs/servicesordering.nsf/">http://blogs.gsa.gov/blogs/servicesordering.nsf/</a> [includes Schedule myths busted and written program notes for all (currently six) episodes]:

- a. Acquisition Planning for Schedule Services (27 min.)
- b. Scope & Market Research for Schedule Orders (50 min.)
- c. The Request for Quotations (47 min.)
- d. Ordering Procedures for Task Orders (1 hr. 6 min.)
- e. Socioeconomic Programs and Schedules (41 min.)
- f. What Does GSA Do to Award/Administer a GSA MAS Contract? (33 min.)
- g. (coming Winter 2009) Contractor Teaming Arrangements

### 7. Read a Book

Chierichella, J. and J. Aronie. *GSA Schedule Handbook*: 2008-2009 Edition, Thomson-West, 503 pp.

8. Read and Comment on the GSA Services Ordering Blog: "Services Ordering Solutions: Avoiding MAS Confusion" http://blogs.gsa.gov/blogs/servicesordering.nsf/
